

NAME

ask - irccd ask plugin

DESCRIPTION

The plugin **ask** is funny script that helps you in your life. It will tell you if you will be rich, famous and so on.

INSTALLATION

The plugin **ask** is distributed with irccd. To enable it add the following to your plugins section:

```
[plugins]
ask = ""
```

USAGE

The plugin **ask** reacts to special command, you just need to do `!ask` the question and it will give you a response.

Example:

```
markand: !ask will I be rich?
ircd: markand, No.
```

FILE

By default, **ask** will only answer yes or no. It's possible to add any answers you want in the file *answers.conf* located in the ask configuration directory.

Just add one line per answer like this (e.g. *~/config/irccd/plugin/ask/answers.conf*).

```
Stop dreaming,
Definitely sure!
Maybe
```

CONFIGURATION

The following options are available under the *[plugin.ask]* section:

file (string) the path to the database file (Optional, default: *answers.conf* in configuration directory).
