

NAME

buf_erase - erase a portion of the string

SYNOPSIS

```
#include <buf.h>
```

void

```
buf_erase(struct buf *b, size_t pos, size_t count);
```

DESCRIPTION

Remove *count* number of character in the buffer specified by *b* starting at *pos*.

It is possible to pass -1 as *count* parameter to remove the remaining text until the end of the string.

Undefined behavior may occur if the *pos* argument is outside of the buffer bounds.
